Telework Exchange Partners with TANDBERG to Deliver Virtual Keynote

ALEXANDRIA, Va., March 10, 2008 – Today, Telework ExchangeSM, a public-private partnership focused on eliminating telework gridlock, announced Lurita Doan, administrator, General Services Administration (GSA) as the Spring Telework Exchange Town Hall Meeting luncheon keynote speaker. TANDBERG, a leading global provider of telepresence, high-definition videoconferencing, and mobile video products and services, will provide the capabilities to deliver Administrator Doan's keynote via live video broadcast. Taking place at the Ronald Reagan Building on April 22, 2008, the conference will examine the current state of telework and critical next steps to establish telework as a mainstream standard operating procedure across government agencies. In addition to delivering a keynote address, GSA is also a co-sponsor of the Spring Town Hall Meeting. Early registration rates are available until March 18, 2008.

“GSA continues to drive agency-wide telework participation and telework center usage,” said Administrator Doan. “I announced the GSA telework challenge at the 2007 Town Hall Meeting and am delighted to participate in the Spring Town Hall Meeting to discuss GSA's splendid telework progress. To add to the excitement, I will conduct the keynote virtually – showing the potential of telework and the opportunity to remain face-to-face, even time zones apart.”

“We are thrilled to have Administrator Doan keynote at the Spring Town Hall Meeting,” said Cindy Auten, general manager, Telework Exchange. “Incorporating a live video keynote at the Town Hall Meeting is a great opportunity to showcase the power of telework technology. We are
